President Yamamoto reminded the membership of the importance of the RSVP. He stressed that it is very important to respond in the appropriate manner, as the people who put these programs together rely on an accurate count of attendees especially when it involves a luncheon which in this case, was catered by the Manoa Grand Ballroom management, and sponsored by the IEHA Hawaii Chapter.

President Yamamoto also wanted to personally thank those "core" members who continually make the commitment to support and attend our regular general meetings. He thanked them for their support of the Hawaii Chapter.

President Yamamoto ended with thanking the Manoa Grand Ballroom staff for their awesome service and beautiful luncheon setup. .

In recognition of the Vendor Appreciation Day, vendors displayed their items during our Vendor Expo. Following the Expo, we had a, "thank you" luncheon buffet to show our appreciation to all of our vendor members.
